

Issued May 29, 1912.

United States Department of Agriculture,

OFFICE OF THE SECRETARY.

NOTICE OF JUDGMENT NO. 1485.

(Given pursuant to section 4 of the Food and Drugs Act.)

ADULTERATION OF MILK.

On December 13, 1910, the United States Attorney for the District of New Hampshire, acting upon a report by the Secretary of Agriculture, filed an information in the District Court of the United States for said district against H. E. Spaulding, South Merrimack, N. H., alleging shipment by him, in violation of the Food and Drugs Act, on or about November 12, 1909, from the State of New Hampshire into the State of Massachusetts of a quantity of milk which was adulterated.

Examination by the Bureau of Chemistry of this Department showed the following results: "Specific gravity, 1.0333; total solids, 11.62; fat, 2.70; solids not fat, 8.92." Adulteration was alleged for the reason that a portion of the butter fat had been removed.

On December 14, 1910, a plea of nolo contendere was entered by the defendant and he was fined \$10.

W. M. HAYS,
Acting Secretary of Agriculture.

WASHINGTON, D. C., *April 24, 1910.*
